

ONLINE CONSULTATION SESSION ON CREATION OF DIGITAL PLATFORM FOR GLOBAL NETWORK
OF MALAYALI EXPATRIATES

As per the decision of Loka Kerala Sabha (LKS), Government of Kerala has planned to create an extensive and complete database of Malayali expatriates across the world under the initiative of NORKA ROOTS and Centre for Management Development as the Project Management Unit. This digital platform intends to collect comprehensive data regarding the user's details such as their location, profession, native place etc, which would also help in providing support services during emergencies such as natural disasters, pandemics and internal or external conflicts in the host country. This endeavor will closely work with the Digital University of Kerala to produce the desired results. As an initial step, NORKA ROOTS along with CMD is holding an online consultation meeting with expatriates from different countries to understand about their concerns, problems and expectations.

The session will be inaugurated by Sri. P. Sreeramakrishnan, (Resident Vice Chairman, NORKA ROOTS) and the proposed project will be explained by Sri. Harikrishnan Namboothiri K (CEO, NORKA ROOTS), in the presence of Dr. Saji Gopinath Vice Chancellor, Digital University Kerala. Registered participants will receive the meeting link.
