## **CHAPTER 1**

### **EXECUTIVE SUMMARY**

#### **1.1 Project and public purpose**

The proposed project is intended for the *improvement works in 82<sup>nd</sup> Mile MC Road to 5<sup>th</sup> Mile CW Road* at Kottayam district. A total of 9.560 Ares of land is required for the proposed project. The land will be acquired from Thrikkodithanam village of Changanacherry taluk, Kottayam district.

Kottayam is also called as “Akshara Nagari” which means the “city of letters” considering its contribution to print media and literature. Kottayam has a well-laid network of local roads that connect different areas within the city. These roads are essential for intra-city transportation and are crucial for daily commuting. Kottayam is also well-connected to the national highway network. Over the years, there have been ongoing efforts to improve and upgrade the road infrastructure in and around Kottayam. This includes widening of roads, construction of new bridges, and other initiatives to enhance connectivity. Hence, the development of infrastructure is an essential part for the growth of a country.

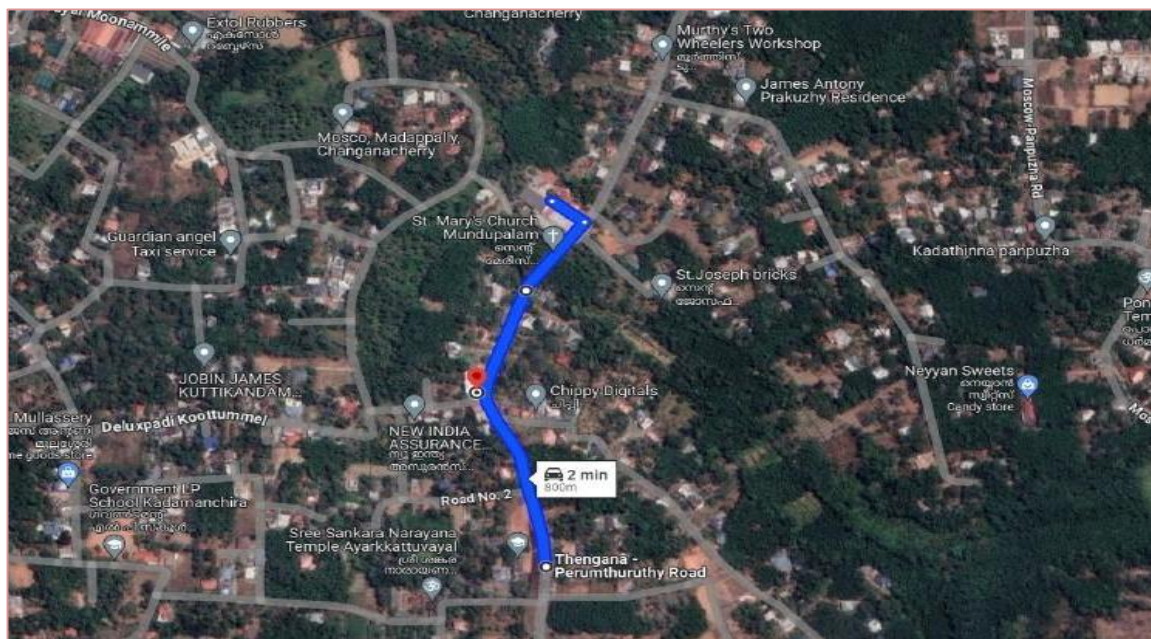

The bypass from Tiruvalla -Perunthuruthy to Manarkad is one of the busiest road which connects Kottayam and Pathanamthitta districts. The 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW road is located in between this road. The existing curves in proposed the road are difficult for the vehicles crossing this area. Several accidents have been reported since 2015. Therefore, this project intending to straighten the curves and improve the existing conditions of the road are unavoidable. The proposed road connects Kottayam and Pathanamthitta districts. Passengers crossing through the Deluxepady junction from Tiruvalla, Chengannur, Aranmula, Kozhencherry, Thadiyoor, and Ranni could easily access Nedumbassery International Airport by saving 22 Km. The proposed project anticipates saving approximately two hours of travel time by avoiding the routine traffic congestion in towns such as Changanacherry, Chingavanam, Kottayam, and Ettumanoor. Considering the above facts, it is understood that the proposed road improvements is unavoidable and

serves the public at a large extent. In this context, as per the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 Section 2-(1)-(b)-(i), the project can be considered as a public purpose.

## 1.2 Location

The project area is situated in Thrikodithanam village of Changanacherry taluk in Kottayam district. The proposed road improvement works are at 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW road in between Kunnumpuram and Tengana on the Perunthuruthy-Manarkad bypass road. The nearest railway station to the project area is Changanacherry Railway Station. The road connects Kottayam and Pathanamthitta districts. The proposed improvement works acquires land from Ayarkkattuvayal - 3 and Kailathupadi -8 wards of Thrikodithanam gram panchayath.

**Figure 1.1  
Location of the Project Area**

## 1.3. Size and attributes of land acquisition

The proposed project requires 9.560 Ares of land from Thrikodithanam village of Changanacherry taluk of Kottayam district. The land will be acquired from either side of the existing road. The land to be acquired is mainly used for residential purposes. As per the revenue records, all the land to be acquired is said to “Dry Land” category.

<b>Total Extent</b>			<b>9.560 Ares</b>

#### 1.4 Alternatives considered

In order to reduce the accidents, traffic congestions and to ensure smooth traffic flow for the people who depends the road, the improvements of 82nd mile MC road to 5th mile CW road is unavoidable. Here, the alignment is proposed in such a way

to impact minimum number of land owners as well as structures. The livelihood of the landowners will not be affected and the people in the proposed project area have not suggested for any alternatives. Hence, there is no possibility to consider any alternatives.

### **1.5 Social Impacts**

The social impact study found that the proposed project will directly affect a total of 24 land owners in Thrikodithanam village of Kottayam district. The SIA team could also understand that there will be no loss of livelihoods, no commercial establishments are affected owing to the land acquisition. The land acquisition mainly affects the compound walls, interlocks, 2 wells, trees, etc.. It also partially affects an unused broken tile roofed building and the assets of St. Mary's Church, Mundupalam. There is a transformer and bus waiting shed existing within the proposed area and the rest of the land belongs to the Public Works Department. While implementing the project, these utilities needed to be relocated to the proper location.

### **1.6 Mitigation measures**

By considering the following measures, the authorities can mitigate and compensate for the possible negative impacts of the proposed land acquisition for the improvements of in 82nd mile MC Road to 5th mile CW road at Kottayam district.

- Compensation shall be provided for the project affecting land owners as per the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act 2013.
- Compensation shall be provided for the project affecting land owners as per the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Rules (Kerala) 2015.
- Resettlement procedures as per the Policies vide G.O. (Ms)No.485/2015/RD dated 23/09/2015 and G.O.(MS)No.448/2017/RD dated 29/12/2017 issued by Revenue (B) Department, Government of Kerala.

## **CHAPTER 2**

### **DETAILED PROJECT DESCRIPTION**

#### **2.1 Background of the Project including Developer's Background and Governance/Management Structure**

Kottayam has a well-laid network of local roads that connect different areas within the city. These roads are essential for intra-city transportation and are crucial for daily commuting. Kottayam is well-connected to the national highway network. Over the years, there have been ongoing efforts to improve and upgrade the road infrastructure in and around Kottayam. This includes the widening of roads, the construction of new bridges, and other initiatives to enhance connectivity. Hence, the development of infrastructure is an essential part of the growth of a country.

The 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW road is located in between the bypass from Tiruvalla -Perunthuruthy to Manarkad road. The curves in the proposed road are difficult for the oncoming vehicles. Several accident cases have been reported since 2015. Therefore, straightening the curves and improvement works to the existing road at 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW is an unavoidable project which will reduce the large volume of accidents. The proposed project connects two districts, which are Kottayam and Pathanamthitta. There are complaints that unscientific road design is causing accidents. These curves are designed in such a way that oncoming vehicles cannot be seen. Also, the electricity post placed on the road increases the risk of accidents. There have been more than fifteen major and minor accidents occurred in between 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW during the years. The students of Ayerkattuvayal Pioneer Government Higher Secondary School, devotees to places of worship like St. Mary's Church, Mundupalam and Ayerkattuvayal Temple on foot have become a dangerous trap. It is reported that a complaint was submitted to the Public Works Minister, District Collector, Kottayam, and Public Works officials under the leadership of the local people, demanding that safety arrangements be made at the deluxepady junction for the safety of passengers and nearby residents.

The Public Works Department (PWD), Government of Kerala is responsible for the planning, project preparation, construction, and maintenance of works related to

82nd mile MC Road to 5th mile CW Road at Kottayam district. Its activities contribute to economic growth, improved connectivity, and enhanced safety for both passengers and goods traveling within the state.

As per the section (16) of Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement (RFCTLARR) Act 2013, the District Collector, Kottayam, entrusted the Centre for Management Development, Thiruvananthapuram to conduct the Social Impact Assessment and to prepare a Social Impact Management Plan for the project vide *Kerala Gazette Notification No. 4200-Volume XII dated 28/12/2023*.

## **2.2 Rationale for Project, including how the project fits the public purpose criteria listed in the Act.**

The development of infrastructure is an essential part of the growth of a country. The curves in 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW road are difficult for the oncoming vehicles. Several accidents have been reported since 2015. Therefore, straightening the curves and improvements to 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW road is an unavoidable project which will reduce the large volume of accidents. The proposed road connects Kottayam and Pathanamthitta districts. The people from areas such as Tiruvalla, Chengannur, Aranmula, Kozhencherry, Thadiyoor, and Ranni could easily access Nedumbassery International Airport saving 22 KM while passing through the 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW road. The proposed project anticipates saving approximately two hours of travel time by avoiding the routine traffic congestion in towns such as Changanacherry, Chingavanam, Kottayam, and Ettumanoor. For maximum visibility, straightening of curves, and collision avoidance, the proposed project is an essential one. Hence, the project can be considered as a public purpose.

## **2.3 Details of Project size, location, capacity outputs, production targets, costs and risks**

The proposed project requires 9.560 Ares of land from Thrikodithanam village of Changanacherry taluk of Kottayam district. This project will help to reduce the large volume of accidents, and traffic issues in this area as well as improve the quality of the road infrastructure.

**Figure. 2.1: Photographs of Project Area**

## 2.4 Examination of alternatives

In order to reduce the accidents, traffic congestions and to ensure smooth traffic flow for the people who depends the road, the improvements of 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW road is unavoidable. Here, the alignment is proposed in such a way to impact minimum number of land owners as well as structures. The livelihood of the landowners will not be affected and the people in the proposed project area have not suggested for any alternatives. Hence, there is no possibility to consider any alternatives.

## 2.5 Phases of the Project Construction

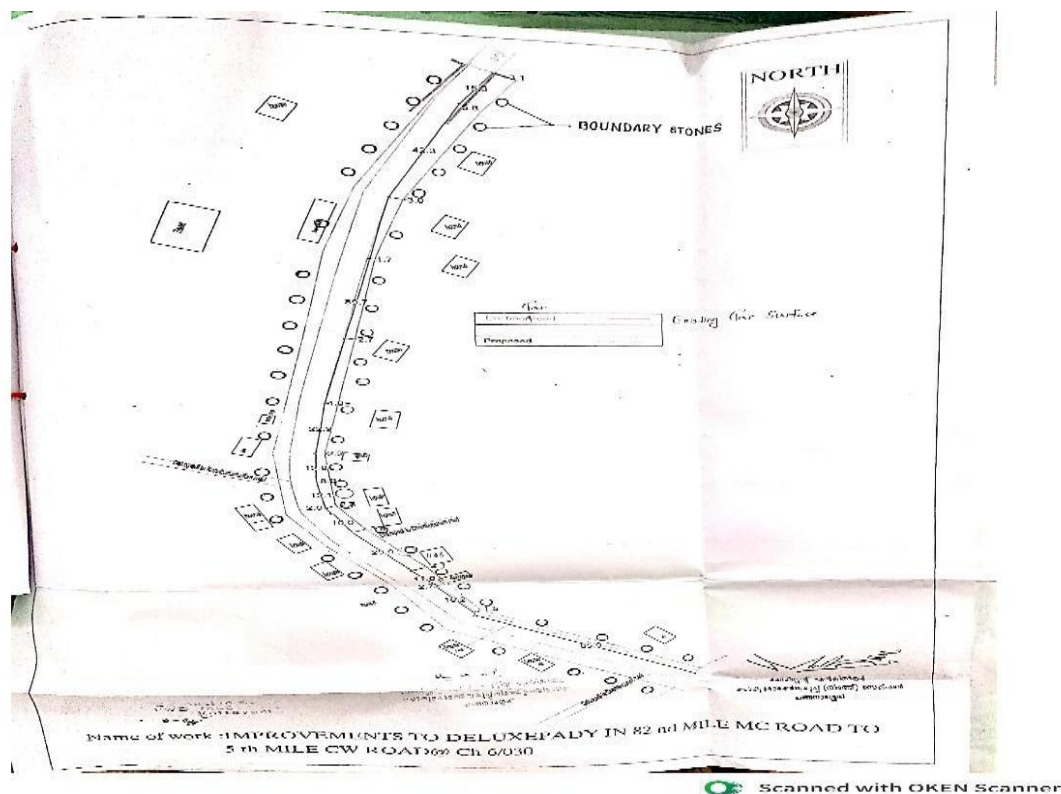

The improvement work of 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW road in Thrkodithanam village will be carried out in a single phase.

## 2.6 Core Design Features, Size and Type of Facilities

The alignment of the proposed project is given below.

**Figure 2.2**

***Alignment for the Improvements of 82nd mile MC road to 5th mile CW road***

SIA of Land Acquisition for the Improvements of 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW road in Thrikodithanam at Kottayam district

Figure 2.3

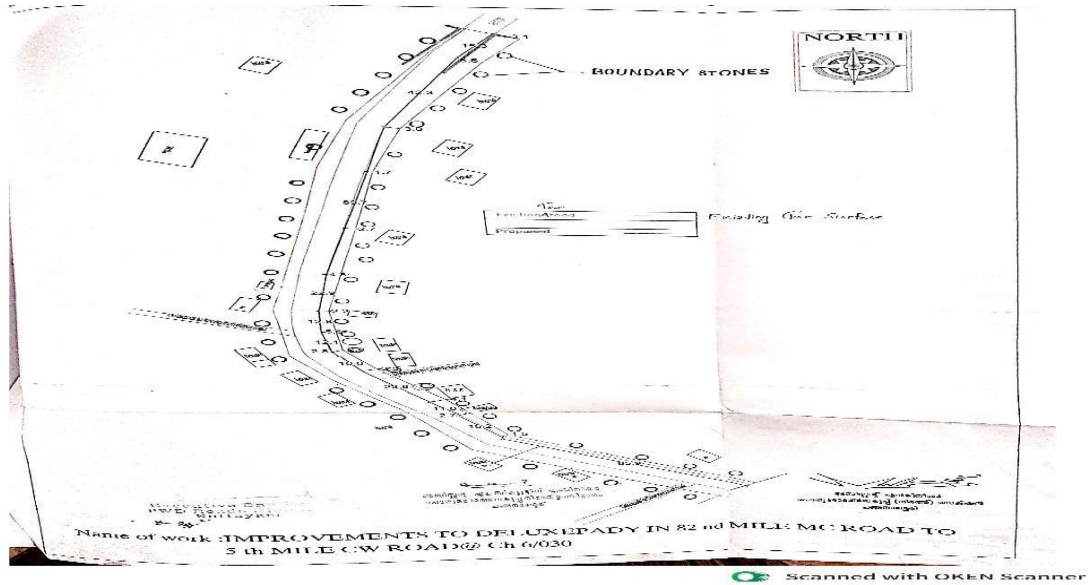

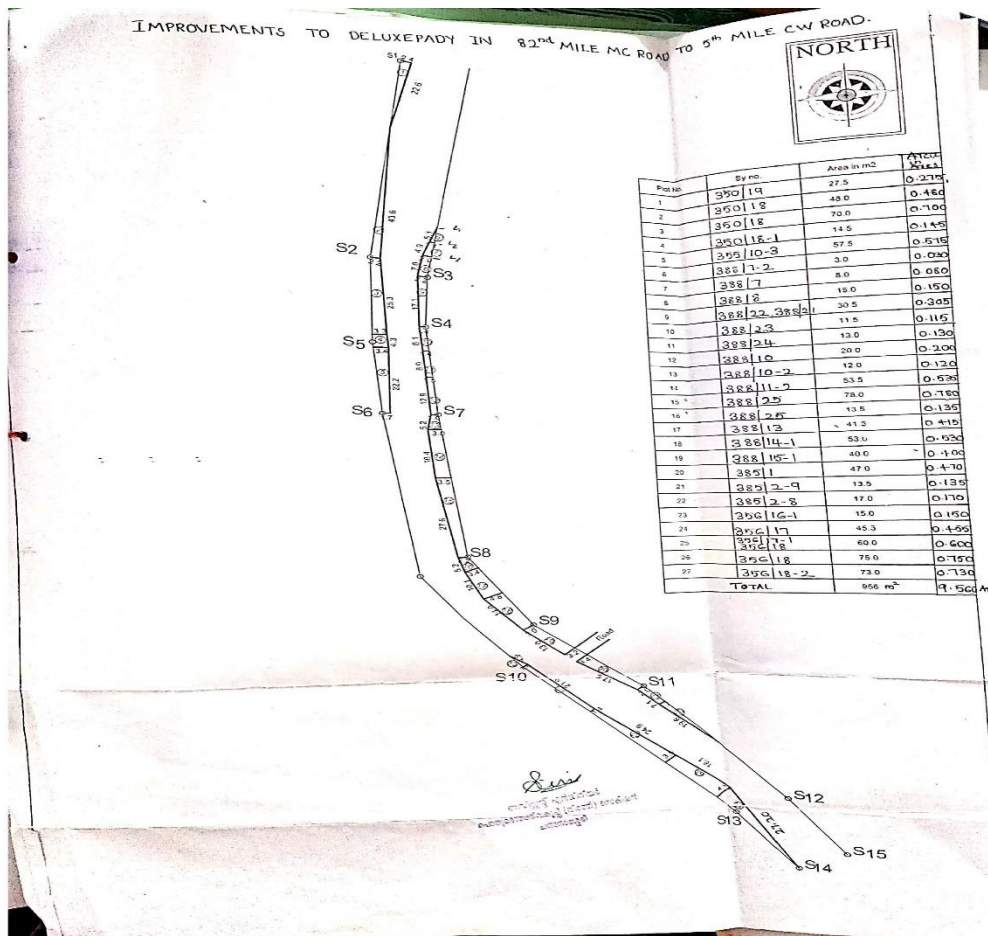

Figure 2.4

## **2.7 Need for Ancillary Infrastructural Facilities**

The arrangement for uninterrupted people movement and transportation should be undertaken during the period of construction. Also, the construction activities must be planned in such a way that not hinder access to the houses in the project area. Uninterrupted drinking water and electricity supply also should be ensured. Action may be taken to reduce the possible pollution including air, sound, and water pollution, during the construction.

## **2.8 Workforce Requirements (Temporary and Permanent)**

The workforce needs to be equipped with modern machinery and planned human resources in various ranges in terms of skilled, semi-skilled, and unskilled labours. The inhabitants and their family members, who are affected, may be given opportunity in the construction work as a temporary relief.

## **2.9 Details of Social Impact Assessment/Environment Impact Assessment if Already Conducted and any Technical Facility Reports**

No Social Impact Assessment/Environment Impact Assessment has been conducted previously in association with this proposed project.

## **2.10 Applicable Legislations and Policies**

Application of National Statutes and Regulations on socio-economic impact suggests that the Proponent has a legal duty and social responsibility to ensure that the proposed development is implemented without compromising the status of the environment, livelihood of people, natural resources, public health and safety etc.

The major legislation that governs the land acquisition for the present project is:

- The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013
- The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act (Kerala) Rules 2015.
- Government of Kerala – Revenue Department - State Policy for Compensation and Transparency in Land Acquisition.
- Right to Information Act, 2005.

## **CHAPTER 3**

### **TEAM COMPOSITION, APPROACH, METHODOLOGY AND SCHEDULE OF THE SOCIAL IMPACT ASSESSMENT**

#### **3.1 List of all Team Members with Qualifications**

Social Impact Assessment study of the land acquisition for the improvements of 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW road was conducted by a five-member team who are experienced in conducting such studies. The details of the team members involved in the SIA study are given in Annexure III.

#### **3.2 Description and Rationale for the Methodology and Tools Used to Collect Information for the Social Impact Assessment**

This study used an inclusive and participatory approach through the involvement of multiple stakeholders such as elected representatives and project-affected people including vulnerable sections such as Scheduled Castes, Scheduled Tribes, women, and those who are below the poverty line, at appropriate stages. The study followed mix methodology, both qualitative and quantitative methods. Qualitative information was gathered along with the field survey through Public Consultation/Focus Group Discussions (FGDs) with all relevant stakeholders. The public consultation encompassed the project components as well as its socio-economic impacts. The SIA team had preliminary discussions with the key officials of the district administration and gathered information regarding the status of the government procedures, the project area and the intensity of the acquisition. The team also made a preliminary site visit along with the officials for physical inspection and information dissemination purposes. The existing conditions of the land, the status of infrastructure/structures, the land use pattern and the facilities available to people residing in the project area were analysed.

The quantitative information from the owners of land and/or infrastructure affected by the project was collected through household surveys, for which the team used a structured Interview Schedule. The results of the survey provided information pertaining to the demography, socio-economic status and livelihood

status of the target community, and formed the basis for the development of a Social Impact Management Plan.

### **3.3 Overview of Information/Data Sources Used**

The primary data was collected directly from the affected families through face-to-face interviews. The study team administered a structured Interview Schedule for collecting the details of the affected people. This process provided information pertaining to the demography, socio-economic status and livelihood status of the proposed project affected families/individuals.

The secondary data was collected from the Department of Revenue and Public Works Department (PWD). The SIA team had preliminary discussions with the key officials at the district level and gathered information regarding the status of the government procedures, the project area and the intensity of the acquisition.

### **3.4 Schedule of Consultations with Key Stakeholders**

**Table 3.1**  
***Schedule of Consultation***

<b>Date</b>	<b>Details of Consultation</b>
January 2024	Collection of documents from the Land Acquisition office
January 2024	Meeting with the officials of Requiring Body
January 2024	Visit to project area
January 2024	Collection of Primary Data
January 2024	Publishing Draft Report and Notification of Public Hearing
To be conducted	Public Hearing

### **3.5 Public Hearing**

In accordance with the Section 5 of Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013, a Public Hearing will be conducted to collect the views and opinions of the families affected in this project. Prior intimation will be given to all the stakeholders regarding the date and venue of the public hearing through advertisements in leading newspapers, individual letters and/ or over the telephone.

## CHAPTER 4

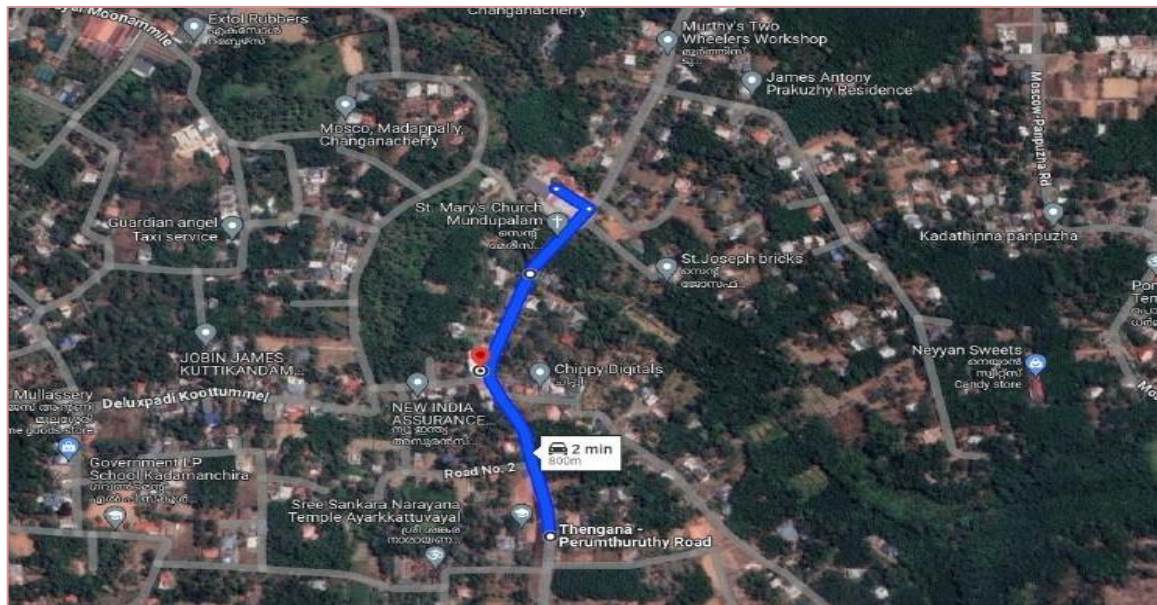

### LAND ASSESSMENT

#### 4.1 Description of Land with the help of Maps, Information from Land Inventories, and Primary Sources

The land to be acquired for the improvements of 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW road is spread over Thrikodithanam village of Changanacherry taluk of Kottayam district. The proposed project area mainly includes land used for residential purposes. The road has dangerous curves which are not visible to the oncoming vehicles. As per the revenue records, the land is recorded under “Dry Land” category.

*Figure 4.1*

#### *Proposed Project Area*

#### 4.2 Entire area of impact under the influence of the project

An extent of 9.560 Ares of land spread over Thrikodithanam village of Changanacherry taluk of Kottayam district needs to be acquired for the proposed project. The project only partially affects one unused broken tile roofed building in the area. Drinking water sources in the private land including 2 wells will also be affected.

### 4.3 Total Land Requirement for the Project

An extent of 9.560 Ares of land spread over the Thrikodithanam village in Changanacherry taluk of Kottayam district is required for the improvements of 82<sup>nd</sup> mile MC Road to 5<sup>th</sup> mile CW road.

**Table 4.3.1**

25		356/18	0.750
26		356/18-2	0.730
<b>Total Extent</b>			<b>9.560 Ares</b>

**4.4 Present Use of any Public, Utilized Land in the Vicinity of the Project Area**

The proposed alignment includes the land belongs to St. Mary’s church Kurishadi which has been utilized by the public for several years.

**4.5 Land (if any) Already Purchased, Alienated, Leased, or Acquired, and the intended use for Each Plot of Land required for the project**

Not Available.

**4.6 Quantity and Location of Land Proposed to be Acquired for the Project**

The proposed road improvements demand a total of 9.560 Ares of land from Thrikodithanam village of Changanacherry taluk of Kottayam district. The road connects Pathanamthitta and Kottayam districts. The people from areas such as Tiruvalla, Chengannur, Aranmula, Kozhencherry, Thadiyoor, and Ranni could easily access Nedumbassery International Airport by saving 22 KM while passing through the Deluxepady junction.

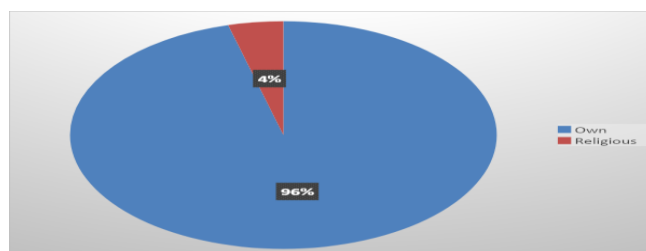

**4.7 Nature, Present use and Classification of Land and if Agricultural Land, Irrigation Coverage and Cropping Patterns**

The land to be acquired in the project area belongs to the dry land category. The land in the area is used mainly for residential purposes. The major crops cultivated in the project area include coconut trees, mango tree, tapioca and plantation tree.

**4.8 Size of Holding, Ownership Pattern, Land Distributions and Number of Residential Houses**

The land to be acquired includes private properties only. The ownership of private land encompasses various forms, including sole ownership and trust ownership. A total of 24 landowners in the area will be affected by the land acquisition.

**Figure 4.8  
Ownership of Assets**

## **CHAPTER 5**

### **ESTIMATION AND ENUMERATION OF AFFECTED FAMILIES AND ASSETS**

#### **5.1 Estimation of families**

The land acquisition for the project will affect a total of 24 land owners in the area. The property to be acquired mainly includes land that is used for residential purposes. A small part of the project area is cultivated with tapioca. The land acquisition of the same will not affect the livelihood of any people. The details of those families who will be affected are given in Annexure VI.

#### **5.2 Family of Scheduled Tribes and Other Traditional Forest Dwellers Who Have Lost Any of Their Forest Rights**

There are no such circumstances in the project area where families of Scheduled Tribes and other Traditional Forest Dwellers who lost any of their forest rights.

#### **5.3 Families which depend on Common Property Resources which will be Affected Due to Land Acquisition for Their Livelihood**

There are no common property resources in the vicinity of the project area and the land acquisition of the same will not affect the livelihood of any people.

#### **5.4 Families which have been assigned Land by the State Government for the Central Government Under any of its Schemes and such Land is Under Acquisition**

No families within the area have been assigned land by the State Government or the Central Government, under any of its schemes.

#### **5.5 Families which have been Residing on any land in the Urban Areas for Preceding three years of more prior to the acquisition of land**

No such families reside in the urban area to be acquired for the past three years or more.

**5.6 Families which have depended on the Land Being Acquired as a Primary Source of Livelihood for three years prior to the acquisition**

In the vicinity of the project area, no families depended the land as a primary source of livelihood for three years prior to the acquisition.

**5.6.1 Families that are indirectly impacted by the project (not affected directly by the acquisition of own lands)**

No families that are indirectly impacted by the land acquisition.

**5.6.2 Inventory of productive assets and significant lands**

The number of productive assets available in the proposed area is given below.

**Table 5.1  
Productive Assets**

Sl. No.	Particulars	No. of Items
1	Coconut Tree	4
2	Mango Tree	1
3	Plantation Tree	8
4	Tapioca	16

## **CHAPTER 6**

### **SOCIO-ECONOMIC AND CULTURAL PROFILE**

#### **6.1 Demographic Details of the Population in the Project Area**

A total of 24 land owners are directly affected by the proposed land acquisition. The demographic profile of the affected people, collected through the field survey, is discussed in this chapter.

##### **a) Age Group of Affected Individuals**

*Table 6.1.1.*

*Age Group of Affected Individuals*

<b>Sl. No.</b>	<b>Age</b>	<b>Number of Individuals</b>
1.	0-17	11

<b>Sl. No.</b>	<b>Religion</b>	<b>No. of Families</b>
1.	Hindu	5
2.	Christian	17
3.	Not Available	1
4.	Not Disclosed	1
<b>Total</b>		<b>24</b>

**f) Ration Card Type**

The ration card type of the affected families is given in Table 6.1.6

**Table 6.1.6**  
**Ration Card Type**

Sl. No.	Ration card	No. of Families
1.	APL	14
2.	BPL	5
3.	Not Applicable	1
4.	Not Available	4
Total		24

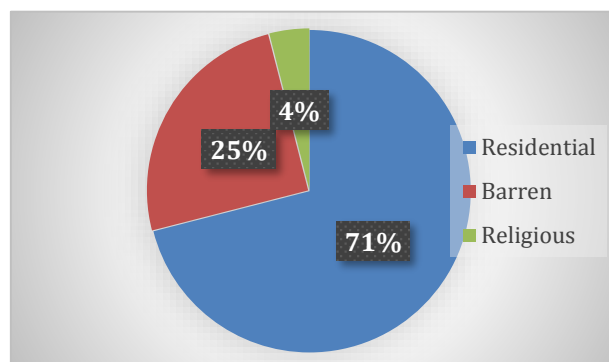

**6.2 Vulnerable Group**

Among the total affected family members, 11 members are aged below 18 years, 21 members are aged above 60 years, 34 are female members, and 7 are widows/widowers.

**6.3 Land Use and Livelihood**

The land to be acquired for this project is mainly used for residential purposes. Tapioca cultivation is also being carried out in a small part of the area. As per the SIA study conducted by the Centre for Management Development, it was understood that around 71 percent of the landowners are using their land for residential purposes while 25 percent of the lands are barren land and 4 percent of the land is under religious institution. The livelihood of the people will not be affected by the land acquisition.

**Figure 6.3.1**  
**Land Use**

#### **6.4 Local Economic Activities**

The project area mainly comprises residential land. However, tapioca cultivation is also carried out in the project area. The land acquisition may not adversely affect the livelihoods of the people.

#### **6.5 Factors that Contribute to Local Livelihood**

The land acquisition will not affect the livelihood of the people. The crops cultivated in the project area include coconut trees, mango trees, tapioca and plantation trees.

#### **6.6 Kinship Patterns and Social and Cultural Organization**

The families in this area have good social and neighbourhood relations.

#### **6.7 Social and Cultural Profile**

The families have a good social and cultural profile.

#### **6.8 Administrative Organization**

There are no administrative organisations available in the vicinity of the project area.

#### **6.9 Political Organization**

No political organisation is available in the vicinity of the project area.

#### **6.10 Community Based Civil Society Organization**

No such details are available.

#### **6.11 Regional Dynamics & Historical Change Process**

No historic change process is identified

#### **6.12 Quality of the Living Environment**

The Quality of the Living Environment is good in the project area with decent livelihood options whereas, the transportation facilities with access to amenities such as Schools, Hospitals, Civil Organisations, Social Groups, etc. will also increase by implementing the proposed project.

## **CHAPTER 7**

### **SOCIAL IMPACT MANAGEMENT**

#### **7.1 Approach to Mitigation**

The CMD team made use of a combination of two research approaches i.e., quantitative and qualitative for the identification of various social impacts and the mitigation measures. The adoption of a combination of both qualitative and quantitative methodology was intended to obtain more comprehensive data and more holistic results without excluding any important area of assessment.

#### **7.2 Measures to avoid, mitigate and compensate impact**

By considering the following measures, the authorities can mitigate and compensate for the possible negative impacts of the land acquisition.

- Compensation for the land owners as per the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act 2013.
- Resettlement and Rehabilitation procedure as per the Policy issued by Revenue(B) Department, Government of Kerala vide G.O.(Ms)No.448/2017/RD dated 29/12/2017 for the rehabilitation and resettlement package for land acquisition in the state in lieu of RFCTLAR&R Act 2013.

#### **7.3 Measures that are included in terms of Rehabilitation and Resettlement and Compensation as outlined in the Act**

- Compensation for the land owners as per the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act 2013 and Rules 2015.
- Resettlement procedures as per the Policies issued vide G.O.(Ms) No.485/2015/RD dated 23/09/2015 and G.O.(MS)No.448/2017/RD dated 29/12/2017 by the Revenue(B) Department, Government of Kerala for the rehabilitation and resettlement package for acquisition of land in the state in lieu of RFCTLAR&R Act 2013.

**7.4 Measures that the Requiring Body has stated it will introduce in the project proposal**

The requiring body has stated that sufficient fund has been reserved as compensation.

**7.5 Alterations to project design and additional measures that may be required to address the extent and intensity of impacts across various groups as identified during SIA**

The authorities reported that the alignment proposed for the improvements of 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW road, Kottayam district was designed in order to impact the minimum number of landowners and structures. The current project design considered all the possible measures that will reduce the adverse effects of land acquisition on the owners.

**7.6 Detailed Mitigation Plan including detailed activities to be carried out for each mitigation strategy, timelines for each mitigation strategy**

To mitigate the social impact of the proposed land acquisition, Rehabilitation and Resettlement(R&R) package should be provided to the families as per the Policies issued by Revenue (B) Department, Government of Kerala vide G.O.(MS)No.485/2015/RD dated 23/09/2015 and G.O.(Ms)No.448/2017/RD dated 29/12/2017 for the rehabilitation and resettlement package for land acquisition in the state in lieu of RFCTLARR Act 2013.

- Compensation for the land owners as per the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act 2013.
- Resettlement and Rehabilitation procedure as per the Policy issued by Revenue(B) Department, Government of Kerala vide G.O.(Ms)No.448/2017/RD dated 29/12/2017 for the rehabilitation and resettlement package for land acquisition in the state in lieu of RFCTLAR&R Act 2013.

**7.7 The Social Impact Management Plan indicating which measures the Requiring Body has committed to undertake and those that have been proposed, but not committed to be undertaken by the Requiring Body**

Not applicable.

## **CHAPTER 8**

### **SOCIAL IMPACT MANAGEMENT PLAN INSTITUTIONAL FRAMEWORK**

#### **8.1 Description of institutional structures and the key person responsible for each mitigation measures**

The Government of Kerala vide G. O. (P) No. 649/2015/RD dated December 04, 2015 had appointed Deputy Collector (LA), Kottayam to perform one or more functions of the Collector under the Right to Fair Compensation and Transparency in Land Acquisition, Resettlement and Rehabilitation Act.

Also vide G. O. (P) M. No. 590/2015/RD dated November 11, 2015, Government of Kerala, in line with the sub-section (1) of section 43 of the Right to Fair Compensation and Transparency in Land Acquisition, Resettlement and Rehabilitation Act (RFCTLARR) 2013 and sub-rule (1) of rule 21 of Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement (Kerala) Rules, 2015, the Deputy Collector (Land Acquisition) in each district has been appointed as the Administrator for Rehabilitation and Resettlement, for performing the functions under the said act and Rules in respect of involuntary displacement of persons due to requisition of land. The Administrator shall be responsible for the formulation, execution and monitoring of the Rehabilitation and Resettlement scheme in respect of land acquisition.

Vide G. O. (P) M. No. 589/2015/RD dated November 11, 2015, in exercise of the powers conferred by sub-section (1) of section 44 of the Right to Fair Compensation and Transparency in Land Acquisition, Resettlement and Rehabilitation Act (RFCTLARR), 2013, the commissioner for Rehabilitation and Resettlement supervising the formulation of Rehabilitation and Resettlement scheme or plans, proper implementation of the same and conduct of social audit.

#### **8.2 Specify the Role of Non-Governmental Organisation, if any**

Not Applicable

**8.3 Indicate Capacities Required and Capacity Building Plan, Including Technical Assistance, if any**

Not Applicable.

**8.4 Timelines for Each Activity**

A Proper timeline for each activity should be framed in accordance with the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013.

## **CHAPTER 9**

### **SOCIAL IMPACT MANAGEMENT PLAN BUDGET AND FINANCING OF MITIGATION PLAN**

#### **9.1 Costs of all resettlement and rehabilitation costs**

The requiring body stated that necessary budget provision exists for meeting the cost of acquisition.

#### **9.2 Annual budget and plan of action**

The budget for providing compensation, rehabilitation, and resettlement will be decided by the Land Acquisition Office.

#### **9.3 Funding sources with break up**

Not Available

## **CHAPTER 10**

# **SOCIAL IMPACT MANAGEMENT PLAN MONITORING AND EVALUATION**

### **10.1 Key monitoring and evaluative indicators**

Monitoring is a long-term process, which should begin from the start of the project and should continue throughout the life of the project. Its purpose is to establish benchmarks so that the nature and magnitude of anticipated social impacts can be continually assessed. Monitoring involves the continuous or periodic review to determine the effectiveness of recommended mitigation measures. The types of parameters that can be monitored may include mitigation measures design features, or actual impacts. All the mitigation measures stated in Chapter 7 should be considered as the indicators for evaluation.

### **10.2 Reporting mechanisms and monitoring roles**

Rehabilitation and Resettlement procedures as stated in the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 will be applicable.

### **10.3 Plan for independent evaluation**

Not Applicable

## **CHAPTER 11**

### **ANALYSIS OF COSTS AND BENEFITS AND RECOMMENDATION ON ACQUISITION**

#### **11.1 Final conclusions on: Assessment of public purpose, less displacing alternatives, minimum requirements of land, the nature and intensity of social impacts, and viable mitigation measures and the extent to which mitigation measures will address costs**

The Social Impact Assessment study conducted in connection with the land acquisition for the improvements of 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW road in Thrikodithanam village of Kottayam district, is entrusted to the Centre for Management Development, Thiruvananthapuram.

Kottayam has a well-laid network of local roads that connect different areas within the city. These roads are essential for intra-city transportation and are crucial for daily commuting. The 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW road is located in between the bypass from Tiruvalla -Perunthuruthy to Manarkad road. The curves in proposed road are difficult for the oncoming vehicles. Several accident cases have been reported since 2015. Therefore, straightening the curves and improvements to the existing road at 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW is an unavoidable project that will reduce the large volume of accidents. The students of Ayerkattuvayal Pioneer Government Higher Secondary School, devotees to places of worship like St. Mary's Church, Mundupalam, and Ayerkattuvayal Temple on foot have become a dangerous trap.

The proposed road connects Kottayam and Pathanamthitta districts. The people from areas such as Tiruvalla, Chengannur, Aranmula, Kozhencherry, Thadiyoor, and Ranni could easily access Nedumbassery International Airport by saving 22 KM while passing through the Deluxepady junction. The proposed project anticipates saving approximately two hours of travel time by avoiding the routine traffic congestion in towns such as Changanacherry, Chingavanam, Kottayam, and Ettumanoor. Straightening of curves for maximum visibility and collision avoidance, the proposed project is an essential one.

Public Works Department (PWD), Government of Kerala is responsible for the planning, project preparation, construction, and maintenance of works for the Improvements of 82<sup>nd</sup> mile MC road to 5<sup>th</sup> mile CW road at Kottayam district. Its activities contribute to economic growth, improved connectivity, and enhanced safety for both passengers and goods traveling within the state.

In this context, as per the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 Section 2-(1)-(b)-(i), the project can be considered as a public purpose.

Implementation of the project will affect the land used for residential purposes. It affects the compound walls, interlocks, 2 wells, trees, etc. and partially affects an unused broken tile roofed building and the assets of St. Mary's Church, Mundupalam. The major cultivation in the project area includes tapioca, plantation trees, and coconut trees. The proposed project will not affect the livelihood of the land owners. While implementing the project, a transformer and bus waiting shed are needed to be relocated to the proper location. It is found that the alignment of the proposed project is designed with an effort to reduce the number of people affected during the land acquisition. Hence, there are no alternatives considered in this case. It has been found that the amount of land taken up for this project is the minimum requirement. Proper measures as per RFCTLARR Act 2013 and Rule 2015 will help to mitigate the negative impacts of land acquisition.

**11.2 The above analysis will use the equity principle as a framework of analysis for presenting a final recommendation on whether the acquisition should go through or not.**

Comparing the positive against the negative impacts, it can be observed that, even though, the fair and required compensation to those families who lose their land needs to be provided with proper mitigation measures. The implementation of the project will improve the road infrastructure in the area. It will also contribute to the economy. Hence, the authorities should make a proper action plan to give the families adequate and fair compensation.

- Compensation shall be provided for the project affecting land owners as per the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act 2013 and Rules 2015.
- Resettlement procedures as per the Policies vide G.O.(Ms)No.485/2015/RD dated 23/09/2015 and G.O.(MS)No.448/2017/RD dated 29/12/2017 issued by Revenue(B) Department, Government of Kerala for the rehabilitation and resettlement package for acquisition of land in the state in lieu of RFCTLAR&R Act 2013.

It is observed that many of the negative impacts highlighted can be minimized or reduced with effective and relevant mitigation measures and strategies mentioned. The project affecting people demanded proper compensation.

## **ANNEXURES**

- i. Details of the land covered in the SIA study
- ii. List of key informants contacted and interacted
- iii. SIA Team members
- iv. Various Government Orders concerning Social Impact Assessment
- v. Questionnaires used for survey
- vi. Details of affected people
- vii. Alignment sketches of the proposed project

**Abstract**

Revenue Department – Rehabilitation and Resettlement Package for acquisition of Land in the State in lieu of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 - Approved - Orders issued.

**REVENUE (B) DEPARTMENT**

**G.O.(Ms)No. 448/2017/RD Dated, Thiruvananthapuram, 29/12/2017**

- Read: 1 G.O (Ms) No 419/11/RD dated 15.11.2011.  
2 Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013  
3 Minutes of the meeting convened by ACS (Revenue) on 29.05.2017

**ORDER**

Land acquisition for public purpose in the State is done by invoking the provisions contained in the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013, National Highways Act, 1956 and by Direct/Negotiated purchase. In view of the introduction of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 the necessity for a clear and transparent policy for rehabilitation and resettlement was felt.

The meeting convened by Additional Chief Secretary (Revenue) on 29.05.2017 inviting Finance Secretary, Law Secretary, Secretary PWD, Transport Secretary, Commissioner, Land Revenue & District Collector, Thiruvananthapuram discussed the various issues related to the formulation of State Policy on Rehabilitation & Resettlement in lieu of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 .

The Committee observed that the State of Kerala is facing several problems with regard to Land Acquisition. Stiff resistance from all corners are being faced by the Land Acquisition Officers (LAO). The Committee viewed that organized resistance from petty traders, shop owners are faced during this entire process. Owing to the experience gained over a past couple of years, the Committee decided to slightly deviate from those

provided under the 2nd schedule of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 and give more compensation to the affected parties considering the prevailing conditions existing in the State. On serious and deliberate discussions the Committee unanimously came to the conclusion for providing more assistance rather than included in the 2nd schedule of Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013.

Government have examined the matter in detail and are pleased to approve a comprehensive Rehabilitation and Resettlement Policy as appended to this order for land acquisition in the State slightly deviating from those provided under the 2nd schedule of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 and give more compensation to the affected parties considering the prevailing conditions existing in the State. This Rehabilitation and Resettlement Policy will be applicable to all land acquisition cases in the State, ie, by invoking the provisions contained in the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013, National Highways Act, 1956 and by Direct/Negotiated purchase. This Rehabilitation and Resettlement Policy will have effect from the date of this order where the land acquisition award has not been passed.

**APPENDIX**

Sl. No.	State Policy on Rehabilitation and Resettlement
1	<p><b>Provision of housing units in case of displacement:</b></p> <p>1. If a house is lost in rural areas, a constructed house shall be provided as per the Indira Awas Yojana specifications. If a house is lost in urban areas, a constructed house shall be provided, which will be not less than 50 Sq mts in plinth area.</p> <p>2. The benefits listed above shall also be extended to any affected family which is without homestead land and which has been residing in the area continuously for a period of not less than three years preceding the date of notification of the affected area and which has been involuntarily displaced from such area.</p> <p>PROVIDED that any such family in urban /rural areas which opts not to take the house offered, shall get a one-time financial assistance for house construction, which shall not be less than Rs 300000( three lakhs rupees only) irrespective of their annual financial income.</p>
2	<p><b>Land for Land</b></p> <p>In the case of irrigation project, affected family owing agricultural land in the affected area and whose land has been acquired or lost, or who has, as consequence of the acquisition or loss of land, been reduced to the status of a marginal farmer or landless, shall be allotted, in the name of each person included in the records of rights with regard to the affected family, a minimum of one acre of land in the command area of the project for which the land is acquired:</p> <p>PROVIDED that in every project those persons losing land and belonging to the Scheduled Castes or Scheduled Tribes will be provided land equivalent to land acquired or two and a one half acres, whichever is lower.</p>
3	<p><b>Offer for developed Land:</b></p> <p>In case the land is acquired for urbanization purposes, twenty percent of the developed land will be reserved and offered to</p>

	<p>land owing project affected families, in proportion to the area of their land acquired and at a price equal to the cost of acquisition and the cost of development:</p> <p>PROVIDED that in cases the land owing project affected family wishes to avail of this offer, an equivalent amount will be deducted from the land acquisition compensation package payable to it.</p>
4	<p><b>Choice of Annuity or Employment:</b></p> <p>The appropriate Government shall ensure that the affected families are provided with the following options:</p> <p>(a). Where jobs are created through the project, after providing suitable training and skill development in the required field, make provision for employment at a rate not lower than the minimum wages provided for in any other law for the time being in force, to at least one member per affected family in the project or arrange for a job in such other project as may be required; or</p> <p>(b) One time payment of five lakhs rupees per affected family; or</p> <p>(c) Annuity policies that shall pay not less than three thousand rupees per month per family for twenty years, with appropriate indexation to the Consumer Price Index for agricultural Labourers.</p>
5	<p><b>Subsistence grant for displaced families for a period of one year</b></p> <p>Each affected family which is displaced from the land acquired shall be given a monthly subsistence allowance equivalent to five thousand rupees per month for a period of one year from the date of award.</p> <p>In addition to this amount, the Scheduled Castes and the Scheduled Tribes displaced from Scheduled Areas shall be relocated in a similar ecological zone, so as to preserve the economic opportunities, language, culture and community life of the tribal communities.</p>
6	<p><b>Transportation cost for displaced families:</b></p> <p>Each affected family which is placed shall get a one-time financial assistance of fifty thousand rupees as transportation cost for shifting of the family, building, materials, belongings and cattle.</p>

7	<p><b>Cattle Shed/Petty Shops cost:</b></p> <p>Each affected family having cattle or having a petty shop shall get one-time financial assistance subject to a minimum of twenty five thousand rupees and maximum of Rs. 50,000/- ( Fifty thousand rupees) for construction of cattle shed or petty shop as the case may be.</p>
8	<p><b>One time grant to artisan, small traders and certain others:</b></p> <p>Each affected family of an artisan, small trader or self employed person or an affected family which owned non agricultural land or commercial, industrial or institutional structure in the affected area, and which has been involuntarily displaced from the affected area due to land acquisition, shall get one-time financial assistance of fifty thousand rupees.</p>
9	<p><b>Fishing Rights:</b></p> <p>In cases of irrigation or hydel projects, the affected families may be allowed fishing rights in the reservoirs.</p>
10	<p><b>One time Resettlement Allowance:</b></p> <p>Each affected family shall be given a one-time "Resettlement Allowance" of fifty thousand rupees only.</p>
11	<p><b>Commercial Tenants</b></p> <p>One time assistance of Rs. 2,00,000/- ( Rupees Two lakhs only) to meet all shifting charges and social costs. Provided, such assistance would not be provided to companies, banks, financial institutions &amp; large shops having a carpet area of more than 2000 sq.ft.</p>
12	<p><b>Employees working in commercial establishments</b></p> <p>Rs.6,000/-(Rupees Six thousand only) p.m for 6 months for loss of livelihood for the employees working in the said commercial establishment for 3 years prior to acquisition.</p>
13	<p><b>Residential family Tenants</b></p> <p>They will provided a one time shifting allowance of Rs.30,000/-.( Rupees thirty thousand only)</p>
14	<p><b>Encroachers who live or run their business on puramboke</b></p>

	<p>land for a minimum period of 3 years preceding the date of 4(1) notification of Right to Fair Compensation and transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 or date of Preliminary Notification of the concerned Act as the case may be:</p> <ol style="list-style-type: none"><li>1. Rs. 5,000/- p.m ( Rupees Five thousand only) for 6 months.</li><li>2. Value of Structure/improvements on land valued as per The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act.</li></ol>
15	<p>Place of worship.</p> <p>In addition to land and structural value, shifting charge of actual expenditure subject to a maximum of Rs. 1,00,000/- ( Rupees One lakh only) wherever necessary.</p>

**NOTIFICATION**

G. O. (P) No. 589/2015/RD. Dated, Thiruvananthapuram, 11th November, 2015  
25th Thulam, 1191.

**S. R. O. No. 842/2015.**—In exercise of the powers conferred by sub-section (1) of section 44 of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (Central Act 30 of 2013), the Government of Kerala hereby appoint the Commissioner of Land Revenue as the Commissioner for Rehabilitation and Resettlement for performing the functions under the said Act.

By order of the Governor,

DR. VISHWAS MEHTA,  
*Principal Secretary to Government.*

33/4738/2015/S-26.

**Explanatory Note**

(This does not form part of the notification, but is intended to indicate its general purport.)

Sub-section (1) of section 44 of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (Central Act 30 of 2013), provides for the appointment of a Commissioner for Rehabilitation and Resettlement for supervising the formulation of Rehabilitation and Resettlement scheme or plans, proper implementation of the same and to carry out post-implementation of social audit. Government decided to appoint the Commissioner of Land Revenue as Commissioner for Rehabilitation and Resettlement for the State for the said purpose.

This notification is intended to achieve the above object.

GOVERNMENT OF KERALA  
Revenue (B) Department  
NOTIFICATION

G. O. (P) No. 590/2015/RD.

Dated, Thiruvananthapuram, 11th November, 2015  
25th Thulam, 1191.

**S. R. O. No. 843/2015.**—In exercise of the powers conferred by sub-section (1) of section 43 of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (Central Act 30 of 2013), read with sub-rule (1) of rule 21 of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement (Kerala) Rules, 2015, the Government of Kerala hereby appoint the Deputy Collector (Land Acquisition) in each

33/4739/2015/S-24.

2

districts as the Administrator for Rehabilitation and Resettlement for performing the function under the said Act and Rules in respect of involuntary displacement of persons due to acquisition of land.

By order of the Governor,

DR. VISHWAS MEHTA,

*Principal Secretary to Government.*

### **Explanatory Note**

(This does not form part of the notification, but is intended to indicate its general purport.)

Sub-section (1) of section 43 of Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (Central Act 30 of 2013), provides for the appointment of an Administrator for rehabilitation and resettlement for the formulation, execution and monitoring of the rehabilitation and resettlement scheme in respect of land acquisition. Government examined the matter and decided to appoint the Deputy Collector (Land Acquisition) in each District as the Administrator for rehabilitation and resettlement for performing the functions under the said act and rules made thereunder in respect of the persons who are involuntarily displaced due to acquisition of land.

This notification is intended to achieve the above object.

By order of the Governor,

DR. VISHWAS MEHTA,  
*Principal Secretary to Government.*

**Explanatory Note**

(This does not form part of the notification, but is intended to indicate its general purport.)

Section 3 (g) of Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (Central Act 30 of 2013), empowers the appropriate Government to designate the Collector of a revenue district, and includes a Deputy Commissioner and any officer of such district to perform the functions of a Collector. The state Government propose to designate the officials mentioned in the schedule attached to the notification to perform the functions of Land Acquisition Officers in the respective jurisdiction.

The notification is intended to achieve the above object.
